REVIVAL AT MURPHYSVILLE CONTINUES.

The revival at the Murphysville M. E.
Church continues to grow in interest.
There has been thirty-nine added to
the church, twenty-two of whom were
converted.

NO TOBACCO SALES YESTERDAY.

There were no tobacco sales yester-
day at any of the Maysville houses.
The season is not over; it's just the
weather conditions that prevent the
farmers from bringing in the weed.
From one to two million pounds will
be sold here before the breaks close.

THE BUYING IS GOOD IN MAYSVILLE.

Mr. W. S. Tomlin and wife of Aber-
deen were shopping in Maysville ye-
terday. They have recently bought a
new home, and they knew where to
come to get the furnishings. Mays-
ville is the town.

SUSTAINED A SEVERE FALL.

Miss Alberta Luman of the Luman
Sisters Millinery Store met with a se-
rious accident about 11 o'clock yester-
day, as she was crossing the alley be-
tween the First National Bank and E.
A. Robinson's cigar store.
She slipped and fell on the sidewalk,
the fall jarred her considerably but for-
tunately no bones were broken.

Mrs. William L. Carter of Limestone
street, entertained with a social we-
nesday evening in honor of her guests,
Misses Fannie Coyle and Anna Shrout,
of Owensville. Music was enjoyed
until 10 o'clock when delightful refresh-
ments were served.

Those present were Misses Julia
Blythe, Pearl Blythe, Lottie Bowling,
Anna Shrout and Fannie Coyle. Messrs.
Nelson Breeze, Will Ed Jacobs and Otto
Laytham.

ment of the State Federation of Wom-
an's clubs will speak at the Woman's

morrow afternoon at 2:30 o'clock.

BASE BALL BENEFIT

At The Washington Theater Last Night
Marred By the Rain—However
Big Crowds Attended.

The benefit given last night at the
Washington Theater for the Maysville
Base Ball Company was well attended
and a most pleasing program shown.

Bridges' orchestra added much to the
enjoyment of the evening and many re-
marked that it would be a big hit for
the -shington should it continue this
orchestra at every performance.

The proceeds last evening neared the
\$100 mark. But for the rain \$150 would
have been the receipts.

Is it possible that already "The
Weather Man" has begun to knock the
Maysville Base Ball club?

But with such "Boosters" as are now
in charge of the club, it's bound to be
a success.

Ex-Senator Bert C. Grigsby of Tolles-
boro, was in Maysville yesterday.

A DANGEROUS PRACTICE.

In the East End the school boys are
in the habit of hopping the street cars
or sitting on the bumpers. Not only in
daylight do they do this but after night
in the Sixth Ward these youngsters
keep up this practice.

Some of these times, one of these
boys will miss his footing or hold and
will drop under the wheels. It will be
too late. Fond parent, you had better
have a watchful eye on these boys.

A kinder or more accommodating set
of street car conductors and motormen
can not be found, than we have in the
Maysville street car men, but they can
not take care of the children. A stroll
of the policeman along East Second
after dark might have a helping in-
fluence.

eral baseball men who want to manage
the Maysville Club the coming season.

NEW KENTUCKY POSTMASTERS.

Fourth-class postmasters appointed:
Kentucky—Marquis de la Fayette
Fanning, at Beechy, Greenup County; M.
W. Shain, at Tousey, Grayson County.

THERE'S A POINT

where cheapness ceases to be economy and it's a Hunt policy to avoid that extreme.
Our good name and the security one enjoys in buying here are far more to us than a
few cents of immediate profit on a poor article. Paste that fact on your calendar, for it
stands for one of the strongest Hunt assets. It is especially emphasized during this
Linen event where quality means life, service, economy, satisfaction.

To read this list means nothing—to see the goods everything. Come in.

Linen Sheeting, grass bleached. Not a drop of chemicals ever
lessens the strength of a thread. 2½ yards wide after careful
shrinking. Three qualities, 75c, 95c, \$1.19.

Satin table damask in wonderful variety for a town size.
Not a few patterns but "heaps" of exquisite table linens priced at
the smallest possible profit margin. In the \$1 grade, the most
popular price, we offer matchless variety and quality, 72 inches
wide, bleached and silver-bleached. Napkins to match nearly all
patterns. Representing the quality extremes in table damask are
two items, each at its price an incomparable quality. Silver bleach,
64 inch wide, table linen for 59c yard. And genuine double satin
damask, 72 inch-width, \$2.98.

READY—1914 SEPARATE SKIRTS.

Plain fabrics, plaids, checks, with many smart interpretations
of tunics and tier effects. A most attractive line at \$4.98, \$6.50,
\$7.50.

We will be glad to show these new skirts to you.

Fifty little jobs, each with a fair profit, are worth more to you than one big job, even though the price runs into four figures, on which you do not make any profit, or a very small one. It is the profit that counts, not the size of the job.—Master Printer.

The national government's offer of \$25,000,000 for good roads in states that will agree to spend as much for such improvements, should not fail to meet a responsive endorsement from the Kentucky legislature. Legislation at Frankfort should follow that will insure Kentucky as large a portion of this national fund as possible. In North Carolina, where the road work is being advanced remarkably, there will be received from the federal fund \$754,000 from this \$25,000,000 appropriation. What wonders could be done on Kentucky roads by such an expenditure under competent engineers which the government at Washington demands. The present session of the legislature is fleeting. There will not be another for two years. Prompt action is necessary.—Owensboro Messenger.

DON'T OWE MAYO, HOWEVER.

A bill has been introduced at Frankfort to create a new county and name it for John C. C. Mayo. There's no telling how much Kentucky Mayo before this Legislature gets through with us.—Elizabeth-town News.

THE TEMPERANCE MOVEMENT AND THE INCREASED LIQUOR CONSUMPTION

When the history of legislation among the several States for the past decade comes to be written, statutes providing for the diminution of the sale of liquors will occupy a prominent place. Every State in the Union has passed some form of prohibition or local option legislation.

Like many other movements that we regard as local, governmental and individual action against the liquor traffic has been world-wide. Local option is in operation in Sweden and Norway. In the parliament of the former country 150 of 350 members are "aggressive total abstainers." Temperance legislation has been enacted in Holland. In Germany, where amid ridicule the first total abstainer was discovered in 1893, the "Good Templars," a temperance organization, reported an accession of 100,000 members in 1912. It is an interesting fact that the temperance question hardly exists in a country like Bulgaria. Because of the abstinence of its Mohammedan population, the per capita consumption of liquors in Bulgaria is one-eighth of that of Germany.

But the riddle of the consumption of liquors is inscrutable to the mere observer. In the ten years, from 1902 to 1912, more temperance legislation was enacted in the United States than in any previous decade. In that time the consumption of distilled spirits increased 32,000,000 gallons; the consumption of wines increased 6,500,000 gallons, and the consumption of malt liquors increased 550,000,000 gallons. In other words, the total consumption of liquors increased 35 per cent, while our population increased 20 per cent. Perhaps we shall some day receive a dispassionate explanation of these inexorable and very interesting statistics.—Times-Star.

This is a topsy-turvy world. One man is saying to build a house and another is trying to sell his for less than it cost. One man is spending all the money he can make in taking a girl to an entertainment and sending her flowers in the hopes, eventually, to make her his wife, while his neighbor is spending the gold he has to get a divorce. One man escapes all the diseases man is heir to and gets killed on the railroad. Another goes without being hurt and dies with whooping cough. Such is life.

GREAT SCHEME!

A bill to revive boxing in Kentucky has been introduced in the Legislature. By all means pass it. Then appoint a commission of half dozen politicians at salaries of about \$2,500 a year to look after the bouts. Such a move would be in keeping with many other fool laws passed in recent years.—Danville Messenger.

WHAT WOULD A MAN DO?

An exchange says: "Men should remember that a woman can't always be smiling who has to cook dinner, answer the door bell half a dozen times, and get rid of a neighbor who has dropped in, attend to a sick baby, tie up the eut of a two-year-old, gather up the playthings of a four-year-old, tie up the feet of a six-year-old on skates and get an eight-year-old ready for school, to say nothing of sweeping, cleaning, etc. A woman with all this to contend with may claim it as a privilege to look and feel a little tired sometimes, and a word of sympathy would not be too much to expect from a man who, during the honeymoon, wouldn't let her carry so much as a sunshade."

POLITICAL PICKINGS.

(Brooklyn Eagle.)
Former President Taft must sympathize with Zamor down in Haiti. Theodore is chasing Zamor all over the lots.

(Washington Post.)
Senator Borah says the rank and file will reshape the G. O. P.; but wouldn't glue be better than the file.

(Milwaukee Sentinel.)
If Pankhurst persists in her militant campaigns, John Bull, send her away, but not to America.

(Chicago News.)
Still, we decline to trade our baseball Boss Murphy for New York's political Boss Murphy.

(Detroit Free Press.)
And taxes aren't so certain when you've got to collect 'em from John D. Rockefeller.

BOYS WILL BE BOYS.

Senator Cullom, of Illinois, gets a good laugh out of the story he tells about an old lady who, although she is a resident of his State, has a son in Montana.

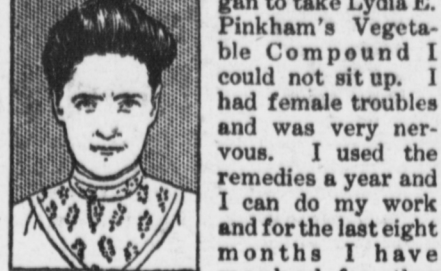

One day the Senator met the old lady, and, knowing that the son was the apple of her eye, not to say her very heart, bones, he inquired as to how the boy was doing. He was surprised to see the woman dissolved into a storm of tears.

"Why, what's the matter?" asked Mr. Cullom.
"He just writ me," said the old lady, "that he'd done been sent to the Legislature. I don't know for what or for how long, but I pray God they'll be easy on him."
—The Popular Magazine.

WOMAN COULD NOT SIT UP

Now Does Her Own Work.
Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

Daughter Helped Also.
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?
If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence."

Will some one of the many who talk so glibly on the subject of character as one of the products of right teaching, kindly explain what he means by the terms? Does he mean a positive quality or a negative one? Is it the mere absence of bad habits, something colorless and inane? The chances are that people have very different notions, and yet each one thinks all the others mean exactly what he does, while some others probably use the word from habit—just because it sounds all right. Is it true, as the Latin has it, that character is the plural of habit? Is this what we all mean?—Ex.

PROGRESSIVE FARMERS SHOULD ATTEND STATE INSTITUTE.

The Kentucky State Farmers' Institute assembled at Frankfort, February 24th, 25th and 26th, and many farmers should be at this meeting.
Not only the delegates elected at the County Farmers' Institutes, but all farmers are welcome to attend these meetings. They have arranged a strong program and it would be good for the farmers to meet, listen to those all-arounders and papers and come in contact with progressive farmers from different parts of the State.
Incidentally the farmers might enjoy looking in on the General Assembly in session.

There are days of dizziness; Spells of headache, languor, backache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills.

Endorsed in Maysville by grateful friends and neighbors.
Mrs. Dora Mefford, Maysville, Ky., says: "I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I was entirely better. I was able to sleep well and they improved my health."

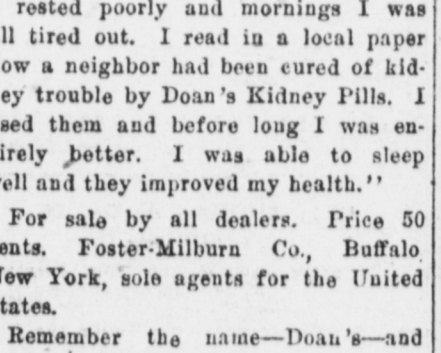

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Saved Girl's Life
"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.
"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without
THEDFORD'S BLACK-DRAUGHT
in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.
If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

THE BUSINESS MEN
OF TODAY

are fully aware of the value of good dressing as a business asset. They regard well made, perfect fitting attire as much of an essential as the attractive qualities of a well kept store or office. The only question is who is the tailor who can make them the most satisfactory garments? There can be no question of doubt if you place your order with us. Remember this is the only store in this section where you can buy Ed. V. Price's made to measure clothes. See the new trousers we are showing for \$18 to \$25, they are repeaters. THE HORSE.
By Walt Mason.
Be kind to old Dobbin, the generous steed that labors whenever he's told, and see he has lots of the life-giving feed, and blanket his frame when he's cold. The horse is the best of the servants of man, the one that is anxious to please; he pulls on his feet just as long as he can, and pulls when he's down on his knees. He'll work when sore that it's torture to walk, he'll work when he's feeble and lame; the story we'd hear, if the horses could talk, would fill human bosoms with shame. The horse is so faithful, so patient and good, he ought to be loved and caressed; too often men lam him with billets of wood, and score him with language unbecoming. Too often men work him until he is old, then sell him to wandering knaves, to roam o'er the country, be bartered and sold, with other poor heart-broken slaves. Be kind to old Dobbin, who never refused to toil for you, early or late; whenever you look on a horse that's abused, you'll know that it's owner's a skate. You'll know that his soul has been twisted awry, or made on a dissolute plan; you'll know that he lacks all those qualities high which thrive in the heart of a Man.

\$100 Reward, \$100.
The readers of this paper will be pleased to see that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that fails to cure. Send for list of testimonials.

Growing Old.

A little more tired at the close of day;
A little less anxious to have our way;
A little less ready to scold and blame;
A little more care for a brother's name;
And so we are nearing the journey's end
Where time and eternity meet and blend.
A little less care for bonds and gold.

STOMACH TROUBLES
Increasing. A Simple Remedy.

It has been said the body is like a machine and digestion and elimination of food are the two great factors to health.

If the digestive organs are weak, the stomach overtaxed, waste matter accumulates in the system—the liver gets sluggish and the blood becomes thin and devitalized.

We want to ask every person in this vicinity who is troubled with indigestion or a weak, worn-out stomach to try our delicious cod liver and iron tonic, Vinol.

We know it will strengthen and tone up the weakened, tired and overtaxed nerves of the digestive organs, create a hearty appetite and replace weakness with strength.

We just heard of a case of a man in Portland, Me., who suffered from a bad stomach trouble for years and had become so weak he could hardly walk—who was built up by Vinol so he could eat heartily without the slightest distress.

Try a bottle of Vinol and if it fails to help you we will give back your money. J. C. Pecor, Drugist, Maysville, Ky.

P. S. For itching, burning skin try our Saxo Salve. We guarantee it.

KING BEING BOOSTED

For Presidency of the Kentucky Educational Association Which Meets at Louisville in April.

At the banquet of the Northern Kentucky Schoolmasters' Club at the Altamont Hotel, Ft. Thomas, last Saturday night, the members surprised one of their number, Supt. W. P. King, by enthusiastically endorsing him for the presidency of the Kentucky Educational Association, which meets in Louisville in April.

Supt. King is now vice president of this great organization.

He made it plain in his address at the banquet that he would not be a candidate for any further honors.

That the movement to thus honor him must be wholly voluntary on the part of his friends, and that under no circumstances would he personally urge his candidacy.

EX-OUT-LAW AL JENNINGS ALSO BREAKS INTO BOND-GORE CASE.

In Monday's trial of the sensational \$50,000 damage suit of Mrs. Minnie E. Bond, vs. blind United States Senator Gore, of Oklahoma, for alleged assault, the prosecution started its rebuttal evidence by placing Al Jennings, former out-law, and at present candidate for the Democratic nomination for Governor of Oklahoma, on the stand. Jennings denied the statements made Saturday by W. M. Bonner, that Jim Jacobs offered to settle the case for \$25,000 and elope with Mrs. Bond. Bonner testified Jennings was present at the interview. Jennings admitted being present, but denied that Jacobs made such an offer of settlement.

Court records show that Gore was tried on a serious charge in Corsicana, Texas, and was acquitted, counsel for Mrs. Bond say.

FARMERS OWE \$6,000,000,000.

Washington, February 16.—Six billion dollars, loaned at from 6 to 24 per cent. interest plus bank service charges, is the national debt of American farmers, according to Senator Fletcher, before a joint hearing of the House and Senate Banking and Currency committee today. Short-term notes at a normal interest rate were advocated as a means of relieving the situation.

GETS "OLD HICKORY" S' CANE.

Andrew Jackson's famous hickory stick was presented to President Wilson last Thursday by Senator Thompson in behalf of Levi Ludlam, of Wichita, Kansas, who got it from a friend of the former president. It is said to be the same stick with which "Old Hickory" located the United States Treasury on Pennsylvania avenue. There was a dispute as to where it should be. "Put it there," Jackson is credited with having said, as he plunged the end of the hickory stick into the ground where the building now stands.

Glynn Johnson, aged 16, of Minneapolis, saved six persons when the building occupied by his father as a bakery and home was destroyed by fire.

BECKHAM IN LEAD

In Race For The Senate.—Democrats In Lexington and County Are Divided Between McCreary and the Former Governor.

(Lexington Leader.)

The active campaign being waged by Congressman A. Owsley Stanley, one of the three candidates for the Democratic nomination for United States Senator, in Central and Eastern Kentucky, where he has made quite a number of speeches since New Year's is focusing public attention on the Senatorial race, and the voters are beginning to take a lively interest in the contest, which is evidenced by expressions of their preference and their lining up for their favorite.

Lexington being the political, as well as commercial center of the Blue Grass, its attitude in the Senatorial fight is being watched with interest by the surrounding towns and counties, as sentiment crystallizes, and all three of the aspirants for the toga are striving to strengthen their following here, hoping that the example of Lexington and Fayette County will influence other sections.

As The Leader's political oracle views the situation, Lexington and Fayette County Democrats are divided principally between Governor McCreary and Governor Beckham.

Judge Frank A. Bullock, head of the county government, and the recognized leader of the party in the county, is known to be a staunch McCreary lieutenant, and it is generally conceded that the Bullock faction will support the Madison County statesman. Add to this powerful element of strength the Confederate veterans, and the older members of the Democratic party who have for years been voting for McCreary with the same old unshaken loyalty, and it will be seen that the Governor has quite a formidable following here. It is noticeable that the McCreary adherents are "sawing wood and saying nothing."

To offset this, Beckham has some able lieutenants, and the younger democracy rallied around his standard. Former Mayor John Skain and a number of the present city officials are active and enthusiastic supporters of Beckham, and their satellites who are among the most active and resourceful workers, comprise an organization that is not to be sneezed at.

PRESIDENT WILSON HIS OWN STENOGRAPHER.

When President Wilson writes a message to Congress he tries to fill the public eye with a picture of the issue—a moving picture. His secret is the press. The film that catches swift thought and lucid argument from his brain is the shorthand he learned as a sixteen-year-old boy.

How much the habit of composing in shorthand and then plugging out the transcript on the typewriter that stands in the private study of the White House, far from the Executive Offices contributes that which reporters call the "punch" in the President's state papers, can only be guessed. Mr. Wilson never wrote any other way. His predecessors used goosequills, steel pens or dictated their thoughts to stenographers. Their messages were usually long, President Wilson's are short and always vivid.

Important to All Women Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghantown, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

A "KITCHENETTE PARTY."

Yesterday at the home of Misses Lucy and Fanny Lee in Market street, the Ladies' Aid Society and the Sewing Circle of the Central Presbyterian Church, were treated to a "Kitchenette party," by A. J. Armstrong and H. O. Prince, who demonstrated the uses of "Wear-Ever" aluminum cooking utensils.

A 10-cent piece and a card, entitling each to an aluminum saucepan, was given to each lady present.

An aluminum chafin dish outfit costing \$7.75 will be given to the lady of the Aid Society and the Sewing Circle placing the largest order for these utensils.

The refreshments were an angel food cake made by Mr. Armstrong's sister, and sent to him, coffee, gelatine, fudge and fried cakes. The refreshments were up to the standard.

There were thirty ladies present and they voted it a success.

The meeting was to have been held at Mrs. Homer Ellis' home, but she was sick and unable to entertain the society, so it was held at the home of the Misses Lee.

QUEEN CITY SINKS

Mardi Gras Excursion Steamer Buffeted By Wind, Crashed Into "Kentucky Chute" at Louisville—No Lives Lost.

Louisville, Ky., February 17.—A number of Cincinnatians early this morning experienced the sensation of being rescued by United States life-savers from a sinking steamer. While no one was injured, the scenes attending the rescue were sufficiently thrilling to be remembered for many a day. They were taken from aboard the river packet Queen City, which at 1:30 o'clock, while attempting to make a landing, crashed into the "Kentucky Chute," near the Ohio falls.

As the Queen City neared her landing place, a stiff wind caught her and carried her onto the head of the "Kentucky chute," where she grounded. The crew did everything possible to prevent the accident, but the wind swept the boat on to its fate.

The boat was en route from Pittsburgh to New Orleans on an annual Mardi Gras excursion. She carried 110 passengers and a crew of 75.

When lifesavers from the local station reached the steamer they found the rails lined with half-dressed, frightened passengers, several of whom threatened to leap into the icy water. All the passengers were taken off and carried to the life-saving station.

The steamer has three feet of water in her hull, but it is believed that unless the ice running in the river becomes heavier, she will not break up and may be salvaged. The boat has aboard about 5,000 tons of cargo.

The passengers were cared for at different hotels until arrangements could be made to continue the trip.

Farmers

Have you ever tried our way of borrowing money to pay for a farm?

You, of course, know that most farms are sold for one-third cash and the balance of the payment is represented by lien notes due in one and two years. You also know that there are times when it is impossible to pay these notes when they become due.

Our specialty is lending money on good farms for LONG PERIODS. Wouldn't you rather have five years to pay the balance than two years?

Any one expecting to buy farms this March will do well to come in and consult us about getting the money.

We have been giving satisfactory service for 24 years.

A Discovery

Worth While

talking about is the splendid quality of our fine old Rye Whisky. It is mellow, rich flavored and pure, and makes a most delightful highball or bracing drink. It is matchless in its medicinal properties, too, and it never gives one a headache. If you are a critic of good liquors, you will be pleased to recommend this brand after the first trial.

ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.
It is the Sign of the Times.

We Are Now Ready to Give You Our Service!

To us service means this: To sell only the best merchandise to be had; to give what you want when you want it; to gladly refund your money if we fail to satisfy you. Try a Hart, Schaffner & Marx Suit and Overcoat for the price you usually pay for the inferior kind. Our stock of Shoes, Hats, Shirts and all the little accessories are selected with great care. Come in and test us out; it's worth while.
